- f) When records are to be maintained as confidential, the licensee shall establish and maintain a procedure to protect such records from access by unauthorized persons.

- g) The licensee shall retain the permanent client record for at least seven years from the date of last entry, unless otherwise provided by law.
- h) The licensee shall establish procedures for maintaining the confidentiality of client records in the event of the licensee's relocation, retirement or death and shall establish reasonable procedures to assure the preservation of client records in the event of the licensee's separation from a group practice.
- i) Subsections (f) through (h) above shall not apply to a licensee employed in an agency setting which does not, by agency policy, have control over client records.

13:34-27.2 USE OF PERSONAL OR OTHER COMPUTER TO PREPARE CLIENT RECORDS

- c) The licensee shall include in the client record at least two forms of identification; for example, name and record number or any other specific identifying information.

Where more than one individual is authorized to make entries into the computer file of any client record, the licensee responsible for the practice shall assure that each person obtains a CPC and uses the program in the same manner.
- e) A licensee wishing to continue a system of computerized client records which does not meet the requirements of this section shall initiate arrangements for modification of the system, which must be completed by February 17, 2000. In the interim, the licensee shall, on the date of the first treatment of each client subsequent to February 17, 2000 print out a hard copy of the entire computer recorded client record. The printout shall be dated and initialed by the licensee. Thereafter, a hard copy shall be prepared for each subsequent visit,

continuing to the date of the changeover of computer program, with each page initialed by the licensee. The initial printout and the subsequent hard copies shall be retained as a permanent part of the client record.

An authorized representative may be the client's attorney or an agent of a third-party payer with whom the client has a contract, which provides that the third-party payer be given access to records to assess a claim for monetary damages or reimbursement.
- b) A licensee may require the record request to be in writing. The licensee shall provide a copy of the client record and/or billing records, including reports relating to the client, no later than 30 days from receipt of a request from a client or duly authorized representative. Limitations on this requirement are set forth in (g) below and in N.J.A.C. 13:34-27.5.

- e) The licensee's obligation hereunder to release information shall include the obligation to complete forms or reports required for third party reimbursement of client treatment expenses. The licensee may charge reasonable fees for completion of reports other than health insurance claim forms, for which no fee may be charged pursuant to N.J.S.A. 45:1-12.
- f) When a request is made for release of already completed reports to enable the client to receive ongoing care by another practitioner, or for use in judicial proceedings, the licensee shall not require prior payment for the professional services to which such reports relate as a condition for making such reports available. A licensee may, however, require advance payment for a report prepared for the licensee's services as an expert witness.
- g) A licensee may withhold information contained in the client record or the client's guardian if in the reasonable exercise of his or her professional judgment, the licensee believes release of such information would adversely affect the client's health or welfare. That record or the summary, with an accompanying explanation of the reasons for the original refusal, shall nevertheless be provided upon request of and directly to:

- 1) The client's attorney;
- 2) Another licensed health care professional; or

13:34-27.4 ACCESS BY A MANAGED HEALTH CARE PLAN TO INFORMATION IN CLIENT RECORD

 - 4) The licensee has information that the client presents a clear and present danger to the health or safety of an individual;
 - 5) The licensee is a party defendant to a civil, criminal or disciplinary action arising from the rehabilitation counseling services provided, in which case a waiver of the privilege accorded by this section shall be limited to that action; or

- 6) The client agrees in writing to waive the privilege accorded by this section. In circumstances where more than one person in a family is receiving rehabilitation counseling services, each family member who is at least 18 years of age or older must agree to the waiver. Where required by Federal or State law, persons under the age of 18 years of age must agree to the waiver. Absent a waiver of each family member, a licensee shall not disclose any information received from any family member.
- b) A licensee shall establish and maintain procedures to protect client records from access by unauthorized persons.
- c) A licensee shall establish procedures for maintaining the confidentiality of client records in the event of the licensee's relocation, retirement or death and shall establish reasonable procedures to assure the preservation of client records.
- d) In the case of a client's death:
 - 1) Confidentiality survives the client's death and a licensee shall preserve the confidentiality of information obtained from the client in the course of the licensee's teaching, practice or investigation;
 - 2) The disclosure of information in a deceased client's records is governed by the same provisions for living clients set forth in N.J.A.C. 13:34-27.3, 27.4 and 27.6; and

- f) A licensee may reveal, in writing, lectures or other public forums, personal information obtained during the course of professional work only as follows:
 - 1) With prior consent of the clients or persons involved; or
 - 2) Where the identity of the client or person involved is adequately disguised.

13:34-27.6 MINORS

- a) Unless otherwise ordered by a court, if the client is a minor, a parent or legal guardian will be deemed to be an authorized representative, as defined at N.J.A.C. 13:34-27.3(a). When the client is more than 14 years of age, but has not yet reached the age of majority, the authorization shall be signed by the client and by the client's parent or legal guardian, pursuant to N.J.S.A. 45:14B-36(e).
- b) This section shall not require a licensee to release to a minor's parent or guardian records or information relating to the minor's sexually transmitted disease, termination of pregnancy or substance abuse or any other information that in the reasonable exercise of the licensee's professional judgment may adversely affect the minor's health or welfare.
- c) Unless otherwise ordered by a court, at least one parent or guardian shall consent to the treatment of a minor. If one parent consents, a licensee may treat a minor even over the objection of the other parent.
- d) The provisions at N.J.A.C. 13:34-27.3, 27.4 and 27.5, concerning access to client records, access by a managed health care plan to information in client records and confidentiality of records, shall apply to minors.

13:34-27.7 TRANSFER OR DISPOSAL OF RECORDS

- a) If a licensee ceases to engage in practice or it is anticipated that he or she will remain out-of-practice for more than three months, the licensee shall comply with the requirements concerning termination of services set forth at N.J.A.C. 13:34-30.5(c) and shall:
 - 1) Establish a procedure by which clients can obtain a copy of the treatment records or acquiesce in the transfer of those records to another licensee or health care professional who is assuming responsibilities of the practice. However, a licensee shall not charge a client for a copy of the records, when the records will be used for purposes of continuing treatment or care.
 - 2) Make reasonable efforts to directly notify any client treated during the six months preceding the cessation, providing information concerning the established procedure for retrieval of records; and
 - 3) If a licensee is unable to notify all clients, publish a notice of the cessation and the established procedure for the retrieval of records in a newspaper of general circulation in the geographic location of the licensee's practice, at least once each month for the first three months after the cessation.

"Client" means any person who is the recipient of a rehabilitation counseling service rendered by a licensee. "Client" for purposes of this section also means a person who is the subject of professional assessment even if the purpose of that assessment is unrelated to treatment.

"Sexual contact" means the knowing touching of a person's body directly or through clothing, where the circumstances surrounding the touching would be construed by a reasonable person to be motivated by the licensee's own prurient interest or for sexual arousal or gratification. "Sexual contact" includes, but is not limited to, the imposition of a part of the licensee's body upon a part of the client's body, sexual penetration, or the insertion or imposition of any object or any part of a licensee or client's body into or near the genital, anal, or other opening of the other person's body.

"Sexual harassment" means solicitation of any sexual act, physical advances, or verbal or non-verbal conduct that is sexual in nature, and which occurs in connection with a licensee's activities or role as a provider of rehabilitation counseling services, and that is either unwelcome, offensive to a reasonable person, or creates a hostile work place environment, and the licensee knows, should know, or is told this, or is sufficiently severe or intense to be abusive to a reasonable person in that context. "Sexual harassment" may consist of a single extreme or severe act, or multiple acts, and may include, but is not limited to, conduct of a licensee with a client, co-worker, employee, student, supervisee, or research subject, whether or not such individual is in a subordinate position to the licensee.

- b) A licensee shall not seek, solicit or engage in sexual contact with a client with whom he or she has a current client-counselor relationship.

- g) A licensee shall not engage in any discussion of an intimate sexual nature with a client, unless that discussion is directly related to legitimate client needs and furthers the client's rehabilitation counseling treatment. At no time shall any such discussions include disclosure by the licensee to the client of his or her own intimate sexual relations or relationships.
- h) A licensee shall not engage in any other activity in a rehabilitation counseling relationship which would lead a reasonable person to believe that the activity serves the licensee's personal prurient interests or is for the sexual arousal, sexual gratification, or sexual abuse of the licensee or client.
- i) A licensee shall not seek, solicit or engage in sexual contact with a current client's immediate family member, a former client, a former client's immediate family member or a former student when counseling services were rendered to the client, former client or former student within the immediately preceding 24 months, or with a current student, a current direct supervisor or supervisee, or a current research subject. A licensee shall not seek, solicit, accept or participate in sexual contact with any person in exchange for professional services.

13:34-30.4 CONFLICTS OF INTEREST; DUAL RELATIONSHIPS

Examples of such relationships include, but are not limited to, professional treatment of business or financial relationships, students, supervisors, friends or relatives, supervision of friends and relatives and receipt of any goods and/or services from a client.
